Installing Motorized Drapery
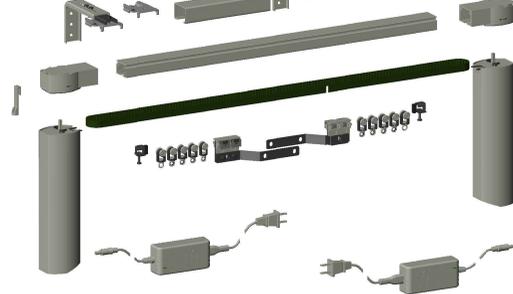

Tumo Xcel & Tumo HD

1. Your System should come with a Track Assembly, Mounting Brackets, a Control Device (if Purchased), and a Power Supply.
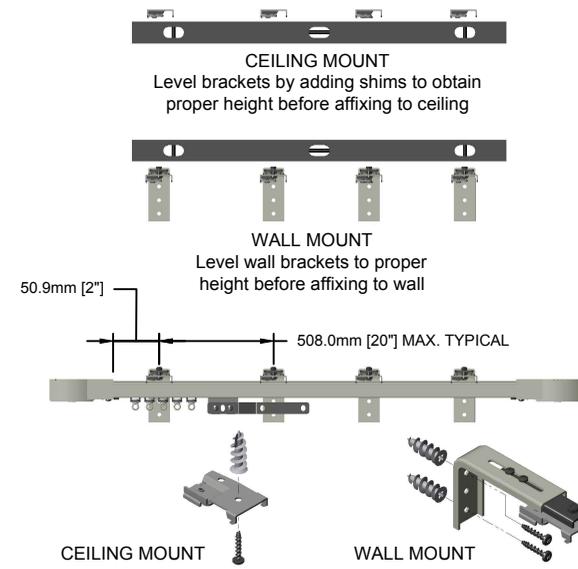

Single Motor

Tandem Motor

Note: If installing a spliced track, please refer to the Splice Assembly sheet before installation.

2. Level and mount brackets to a solid surface. Ensure solid blocking, use anchors when necessary. Brackets must be aligned to fit track path and must not be more than 20" [508mm] apart. Heavier draperies require brackets to be placed closer together.

CEILING MOUNT
Level brackets by adding shims to obtain proper height before affixing to ceiling

WALL MOUNT
Level wall brackets to proper height before affixing to wall

50.9mm [2"]

508.0mm [20"] MAX. TYPICAL

CEILING MOUNT   WALL MOUNT

Note: Installer to provide wall anchors and screws appropriate to the surface material and weight of the product. Metal, self-drilling anchors are recommended for drywall.

3. Hook bracket securely in the headrail's side groove. Then with the track level, rotate the cam-lock 90° so that the track is tightly held in place. Tighten cam-lock with phillips screwdriver to secure in place.

4. Attach fabric wrap clip for fabric return (If Desired).

5. Slide motor drive shaft into drive gear and secure the locking clip. Locking clip must be fully engaged by sliding lever past the locking mechanism.
   *Failure to do so may result in the motor falling off the track.*

LOCK MECHANSIM MUST BE FULLY ENGAGED AND MOTOR SECURED. IF NOT LOCKED, MOTOR COULD BECOME LOOSE AND DISENGAGE FROM DRIVE GEAR.

6. Connect motor to power using the provided AC/DC power supply. When AC power is applied the LED on the front of the power supply will be bright Green.

Note: Installer should in NO way tamper with the provided power supply. If a custom power supply is needed, then one may be ordered to come with the track.

7. Track installation is complete. If your system needs to be programmed, please refer to the appropiate programming instructions for this product.
