Special Instruction

Controls:

In the space provided, please list the part number(s) for the control option(s) you desire. Please see refer to the Price Guide for a list of available controls**.

*For IB mounts, BTX deducts 1/8".

**Given the nature of custom motorization products, control options and compatability varies dramatically. If you would like further assistance with control options, simply leave a message in our "Controls" field stating your request for further information and one of our customer service specialists will contact you upon the submission of your order.
